Early March. The warring hosts of Winter and of Spring Are hurtling o'er the plains. All night I heard their battle clarions ring, And jar the window panes. The arrowy sleet is rattling on the glass; The sky a vault of stone; The untimely snows besiege the sprouting grass: The elm trees toss and moan. -Christopher P. Cranch. M., K. & T. pref...... 700 541/2 541/2

recovery in prices in to-day's stock mark but the dealings were on a very sm scale and still restricted to operations professionals of the smaller class. ' professional character of the operation was also revealed by the reaction at close, when the traders came to take th profits. The day's gains were not all win out, but they were considerably impair by this movement. The traders v bought stocks professed a feeling of couragement over the fact that the c weather did not extend to the winter who belt, now denuded of its snow coveri-The significance attached to this sho that crop prospects are now to play a p in the stock market. There was also

TRADE IN SMALL VOLUME

PRICES OF STOCKS, HOWEVER, ARE

GENERALLY A LITTLE UP.

Dealings Almost Altogether Prof.

sional in Their Nature-More

Gold Shipments Probable.

NEW YORK, March 3 .- There was so

vague confidence expressed in the fut

of the money market, which seems to

encouraged by the unruffled equanimity

that market in face of the forces of

pletion of the cash reserves of the bar

now at work. The dealers in stocks offer

as explanation of their confidence the co

viction that some of the heavy loans wh

have been taken by syndicates since

first of the year are about to be liquida

and will thus relieve the situation. '

March 1, 1902, \$69,507,219.54. Clearings for week ending Feb. 21, 1901 (five days), \$1,118,-558.10; balances for week ending Feb. 21,1902 (five days), \$61,171,135.64.

of the syndicate borrowers and as to the | Sugar purpose to which the loans were applied. Another ground for the buying of stocks was the showing made by the railroads reporting their net earnings for January, following those already reported on Saturday. Of those reporting to-day the most important was the Union Pacific, which showed an increase of \$730,617 in gross earnings for the month and of \$639,703 in net earnings. Union Pacific stock itself made but a light response to this showing, but general market. Little attention was paid to traffic by floods, unless it might be in the neglect of the stocks of the railroads in the sections most affected. Reports of disputes over freight rates and passenger rates in the West and Southwest were equally without influence. So was the admission by various international banking houses that they probably would make large shipments of gold this week. In spite of these factors the professional traders, after a decline in prices for several days, made their upward turn in the market. The uncertainties in the outlook, however, were manifest in the small volume of the dealings. The Chicago & Northwestern stocks made notable advances, the ommon rising 5 and the preferred 6% on a light demand, said to be for investment. Rock Island also rose 31/2 on light transactions. There was an early movement in the Cotton Oil stocks, on talk of the proposed absorption of other companies in allied trades. Tennessee Coal was a feature on a renewal of the gossip of huying for control by the United States Steel Corporation, and it rose at one time 21/8, but lost about a point. General Electric rose 34. A number of stocks both in the active

> market closed easy at considerable re-The bond market was dull, but was firm. Total sales at par value were \$2,305,000. United States bonds were all unchanged on the last call. Following are the day's share sales and

PRIVATE WIRE ADVICES.

Good Demand Apparent in a Number of Leading Securities.

[Sisson & Co.'s Telegram.] NEW YORK, March 3 .- With poor service out-of-town orders were few and far between, being reflected in a rather tame start, London not being a factor, but it did not take long for the market to gain strength, with railroad stocks moving up in sympathy with the buying movement in Northwestern, due to very extensive earnings, which was a decided help to St. Paul and Union Pacific, a good part of the buying of the latter being credited to the Gates crowd. Rock Island also met with good buying, the stock crossing St. Paul, while Pennsylvania was a strong feature on expectation of a very fine showing to be made -morrow. Baltimore & Ohio, Norfolk & Western and the coalers displayed strength, in sympathy with the rails. Steels were strongly in evidence, heavy buying appearing in Tennessee Coal and Iron, and, judging from its character, the street jumped to the conclusion that the stock is being accumulated by wealthy interests incidental to its acquisition to the United States Steel Company. Colorado Fuel and Iron and Republic Steel moved up, while United States Steel advanced on good buying. Brooklyn Rapid Transit and Metropolitan advanced on what looked like manipulation. Soo common was sold down sharply but met with support. Wisconsin Central, Chicago Great Western and Wabash worked up fractionally, while Colorado Southern was in demand. There was more bearish talk heard on Missouri Pacific, but not backed up by any selling, while shorts covered in the stock as well as in Atchison on the appearance of strength elsewhere. While operations in Sugar and Amalgamated Copper were small, the stocks were rather strong. No change is looked for in the Sugar divi-

No Outside Speculation.

[Meyer & Kiser's Telegram.] NEW YORK, March 3.-Taken as a whole with commission orders. The outsider is direction in the immediate future. The money market doubtless is one of the principal deterrent factors in speculation just

All Stocks Very Sluggish.

[Granger Farwell & Co.'s Telegram.] NEW YORK, March 3.-The market opened steady, with most of the stocks slightly above Saturday's close, American Ice, Sugar, Tennessee Coal and Iron, Rock Island and St. Paul being the leaders during the morning for a small advance. All stocks were really very sluggish during the entire morning and in such a position that a few hundred shares either way would affect prices as they would not in a broader market. The market later continued very strong, although dull, the grangers especially holding strong. St. Paul, B. & O. and Southern Pacific seemed to catch the only outside trade, and it was restricted to small volume. Amalgamated Copper and the Steels were strong and professionally handled. There was some realizing in Kansas City Southern, which broke a trifle. Missouri Pacific improved to a full point over Saturday's close.
